

My satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I'm permitted to hear. Respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve. This is an awesome service, and it should not be under attack!

Sincerely,  
Sage Scholer
